ABOUT ME

Hi I'm Ismet,

I'm an autodidacted FrontEnd Developer and I've been working in the IT sector more than 10 years. I'm proficient in HTML, CSS, Javascript, jQuery, and Angular systems. I aspire to utilize my skills in a global company and open to new opportunities for the future.

EXPERIENCE

2015 - Present   **Lacivert Bilisim**
Frontend Developer
- Responsible coding of designs that graphic team created and integrating them to template engines
- Developing websites and web applications using HTML5, CSS3, Zurb Foundation, Bootstrap, JavaScript, jQuery, SASS, Angular 6 Accelerated Mobile Pages (AMP), PHP, MySQL, Smarty, Twig and Wordpress. All of the projects also developed as responsive
- Worked on projects like Toshiba TV Europe, JVC TV Europe, Vestel International, Vestel Visual Solutions, Vestel Led Lighting, Finlux, Hitachi and Vestel.com
- Also managing dynamic website contents

2013 - 2015   **Boyut Fabrikasi**
Frontend Developer
- Responsible for designing, coding responsive designs and mostly integrating websites to content management systems
- Developed websites using HTML5, CSS3, Zurb Foundation, Bootstrap, JavaScript, jQuery, Wordpress, Opencart, Magento, PHP and MySQL

2009 - 2012   **Bes Optik**
Web Designer and E-Commerce Manager
- Responsible for designing, coding and maintaining company's websites
- Developed HTML5, CSS3, Wordpress, Opencart and Magento websites
- Developed PHP software for integration between e-commerce website and crm software
